The scheme allowed you to claim a first taxable grant. Applications for the first grant closed on 13 July 2020.

The second taxable grant is worth 70% of your average monthly trading profits, paid out in a single instalment covering 3 months' worth of profits, and capped at £6,570 in total.

Applications for the second grant are now open. Make your claim from the date the government gives you. If you're eligible and your business has been adversely affected on or after 14 July 2020, you must make your claim for the second grant on or before 19 October 2020.

The government will work out your eligibility for the second grant in the same way as the first grant.

You can make a claim for the second grant if you're eligible, even if you did not make a claim for the first grant. This scheme is being extended.
